

FLOWER POWER

Design your own bouquet of paper flowers

27 July from 4 to 8 p.m.
with Daria Olejniczak
Helmut Hable Gallery
Wieden-Klausen 47 8345 Straden

Workshop content:

In this workshop, we will discover how old magazines and newspapers can be transformed into beautiful handmade flowers. Magazine paper is a special material – glossy, printed on both sides, colourful and full of messages and images. Its surprising patterns make it particularly exciting to work with, even though it is often overlooked and thrown away.

Learning how to create decorative objects from it is not only satisfying, but also opens your eyes to the upcycling possibilities of simple everyday materials.

Materials:

- Old magazines (please bring your own)
- Scissors
- Glue

Duration:

4 hours

Price:

60 €
